

better work, better life

Adecco is using **PeopleNet** time capture system to make the process of entering your hours easier and more efficient. You can enter the hours that you work by phone or email.

Your time MUST be entered no later than Sunday at midnight each week.

For Web Time Entry: Go to webtime.mypeoplenet.com and look for the New User icon to register. You will register with the last four digits of your social security number. Your email address is your User ID. Once you are registered, use the logon entry to access PeopleNet.

For Phone Time Entry: Entering your hours by phone does not require registration. Call 1-888-481-1761 and login with your assignment number and last four of your Social Security Number. If you do not have your assignment number, please reach out to your Adecco representative.

Email will be the primary means of communication for password resets, distribution of training materials, and system updates. Click on this link to view the payroll user guides & video tutorials: <http://www.peoplenet.com/tutorials/videoplayer.cfm?filename=adecco/hours/elist>
